

Dear Daughter In Law

*Parents are very careful
when making choices for their son.
But sometimes a child makes
choices not always number one.*

*But I'm glad he chose you to be his
partner forever. It's plain for all
to see how happy you are together.
You are his wife and friend.*

*That won my heart. You see,
you're not just a Daughter in Law,
you're a dear Daughter to me.*
